About this Insurance Policy

The Mover whom you have chosen to undertake the removal of your household goods has arranged a special insurance programme, which is underwritten by Delta Lloyd Schadeverzekering NV.

Why purchase Transit Insurance

Even though every care will be taken by the Mover, you will appreciate that the distances involved, coupled with the rigours of an international transit, means that on occasions loss and/or damage to your goods may occur. You are therefore strongly recommended to take out insurance cover to ensure that you are duly compensated for any loss which may occur.

What does the Policy cover and what does it exclude?

This policy offers you "All Risks" coverage on a Door to Door basis, subject to the terms and conditions detailed herein.

As with any insurance cover, this policy incorporated a number of Exclusions which are detailed in the Terms and Conditions of the policy. Please ensure that you have read and understood the terms and conditions prior to agreeing to take up coverage under this policy, to avoid unnecessary surprises should you need to make a claim. You should also check with your Mover to ascertain whether there is a policy excess.

How do I arrange cover through this Policy?

Replacement Cost – Completed Valued Inventory Basis.

You will be required to complete the enclosed Application Form. **The basis of valuation for this policy is replacement cost at destination.** You may need to make some enquiries to establish the comparable cost of living between your present location, and the location you will be moving to, to reflect any differences in replacement cost. Under-valuing your goods is likely to mean that your claim, should you need to make one, will be reduced accordingly. Should you feel the form is too restrictive, or if you would prefer to compile your own valued list, please feel free to do so. Please note however, that you should still complete the information at the top of the form and sign the declaration, before returning both documents to your Mover.

IMPORTANT: Whether you choose to complete the pre-printed form or compile your own listing, it is important to note that any item that is not declared and valued is NOT INSURED.

When you have completed the form, you must return the white and yellow pages to your Mover. Your Mover will then provide you with a Confirmation of Insurance

Replacement Cost – Lump Sum Valuation Basis.

You may indicate a replacement figure on a lump sum value basis. This must not be less than GBP1,800 per cubic metre and any item valued in excess of GBP1,000 must still be listed on the valued inventory and is in addition to the GBP1,800 per cubic metre calculation. You will be required to complete the information at the top of the Application Form and sign the declaration before returning it to your Mover. Your Mover will then provide you with a Confirmation of Insurance.

When you have completed the form, you must return it to your Mover. Your Mover will then provide you with a Confirmation of Insurance.

What happens if my insured goods are lost or damaged in transit?

In the unfortunate event that you need to make a claim for goods which have been lost or damaged in transit, please ensure that due notice is given to either ourselves or the origin or destination agent, within the time limits specified within the terms of the policy. Failure to notify loss/damage within the time limits specified is likely to prejudice your claim i.e. if the currency of the amounts claimed differ from the currency in which you insured your goods, the exchange rate that will be utilised will be that which was prevalent at the time of Confirmation of Insurance was issued.

If you have any queries regarding the policy or require a copy of the policy wording, please contact your Mover.

How to Complete the Application Form

With the exception of motor vehicles, your effects should be insured for the replacement retail cost of country of destination.

It is accepted that you may have difficulty knowing the exact values at destination, but you should have a reasonably good idea of the comparable cost of living in the country to which your goods are being shipped.

Please note that in the event of a claim, under insurance will result in 'the application of average' which means, for example, if an item is under insured by 50%, Insurers will only pay half of any repair charge. If repair charges exceed the declared value, Insurers liability will be limited to the declared value, which would be payable subject to the item being adequately insured. Should shortages occur, settlement will be limited to the declared value/replacement cost.

Motor Vehicles should be valued at the sound market value at destination, i.e the value for which the same, or similar vehicle could be purchased in an undamaged condition.

As above the 'application of average' will apply in the event of under insurance.

Any items not declared and valued are not insured

Please make use of the blank spaces provided under each category. Please continue on a separate sheet of paper if necessary.

It is in your interest to provide as much detail as possible.

You will need to list the quantity of each item which you will be moving (in the column marked 'QTY' And enter the value of the item(s) in the column adjacent. For example, if you have 10 chairs in the dining room valued at US\$100 each you should write:

<u>QTY</u>	<u>ARTICLE</u>	<u>VALUE</u>
10	Chairs	GBP1,000

However, if 2 of the chairs are worth, for example US\$200 each, then you should list, and if possible identify them separately as follows:

<u>QTY</u>	<u>ARTICLE</u>	<u>VALUE</u>
------------	----------------	--------------

8	Chairs (dining)	GBP800
2	Chairs (carver)	GBP400

Once you have listed all items, total the values in each column to produce a grand total.

Insuring for Shipping and Carriage Charges (MOVING COSTS).

If you decide to insure your shipping and carriage charges (moving costs), the advantage is that in the event of an unfortunate occurrence such as your goods being totally lost or destroyed following a fire or sinking, in addition to receiving compensation for the loss of your goods, you will be able to recover the costs incurred in moving.

Should you wish to take out this added insurance, please enter the total charges paid to the Mover in the appropriate section of this proposal form.

Please ensure that you sign the application from prior to returning to your Mover.

Exclusions

To give you a clearer understanding of the main exclusions incorporated within this insurance policy and the benefits of taking out additional insurance coverage, we have provided below more detailed information.

Pairs and Sets Clause

Where any item is part of a pair or set, Underwriters will only pay for the actual parts which are lost or damaged. No payments will be made for articles that are not lost or damaged

Example:

A three piece suite – comprising of one sofa and two chairs – is included in your consignment. One chair is damaged and required upholstery. This policy will consider the cost of reupholstering the damaged chair only, as Underwriters are not liable to pay for items which have not been damaged.

Similarly, if an item from a pair or set is mislaid, payment of a claim would be made only for the lost item(s) and not for any remaining items from that pair or set which are unaffected.

Protection against these types of losses can be purchased.

The benefits of additional Insurance Coverage

In the event of loss or damage to any item or items forming part of a pair or set, Underwriters liability will be limited to a reasonable and fair reduction in value of the pair or set taking into consideration the importance of the effected item within the pair or set.

Note:	<i>Should Underwriters agree to pay the total loss of the pair or entire set they shall, at their option, become their property.</i>
-------	--

Atmospheric/Climatic Conditions (Excluding Goods in Permanent Storage)

This Insurance Policy does not cover your goods for losses or damage caused by atmospheric or climatic conditions such as humidity which can cause, for example, mould and mildew. Please note that whilst your Mover will take every possible precaution to protect your goods from this type of damage it can, in certain circumstances, be unavoidable as goods travel through different climatic zones.

Additional coverage for losses or damage arising from mould and mildew can be purchased.

The benefits of additional Insurance Coverage

This policy will be extended to cover loss or damage which is reasonably attributable to mould and mildew subject to the goods being professionally packed. Underwriters maximum liability is restricted to 75% of the declared sum insured. This limitation shall not apply to claims arising from external water damage.

Electrical, Electronic or Mechanical Derangement

Upon arrival at destination, should an item be damaged and there are no external signs of damage to the item or its packaging, the policy will not respond.

Whilst your Mover will take every care in ensuring your goods are protected to withstand the normal rigours of transit, certain electrical items may have intricate components which may be affected by movement.

Protection against this type of loss can be purchased.

The benefits of additional Insurance Coverage

This policy will be extended to cover loss or damage which is caused by electronic and/or electrical and/or mechanical derangement provided the item does not exceed 6 years old and subject to the goods being professionally packed in accordance with the manufacturer's recommendations, wherever possible.

This optional coverage is not applicable to automobiles.

Other Exclusions (Continued)

Consequential Loss

This policy will not cover consequential losses arising from the delay, damage or non delivery of your consignment.

Owner Packed Goods

Cover excludes damage arising to owner packed goods. Also excludes goods for missing items from owner packed cartons or packages unless an itemised valued list of the contents of each carton or package is attached to this application form and forwarded to your Mover prior to the commencement of the transit.

General Information

Duration of Transit

This policy incepts from the time your goods are professionally packed at your residence and continues during the ordinary course of transit, including customary transshipment, until the goods are finally delivered to your residence. Coverage includes any interim storage for up to 60 days at origin and/or destination warehouse.

It is important any requests for further storage extensions, beyond the free 60 day period, are made to your Mover or Reason Global Insurance Ltd prior to the expiry of the 60 day period.

Claims Notification

In the event of loss or damage which may give rise to a claim under this policy, immediate notice must be given in writing to Underwriters' representatives. It is a condition precedent to Underwriters liability under this insurance that full details of any losses and/or damages incurred must be notified within 30 days after delivery or 30 days after scheduled delivery in the event of non-delivery. .

It is important that at the time of notification, full details of any losses and/or damages are provided.

Further it is understood that presentation of claim in its entirety after notice will be in a timely fashion not to exceed 60 days from the time of such notice
